## **EC Probe for COMBI 5000**

### **Information**

#### **EC probe**

- conductivity measurement in liquids, e.g. nutrient and stock solutions

### **Technical Specifications**

#### **Technical data:**

- Accuracy:  $\pm 2\%$  (EC) and  $\pm 0.5\%$  ( $^{\circ}\text{C}$ ) of measured value
- Temp.- comp: with integrated NTC temperature sensor
- Probe: EC plastic housing probe, 8-pin plug, 110 cm cable

#### **Delivery contents:**

- EC electrode
