

33011 / 300xx

Test Strips

Information

Test sticks for fast, semi-quantitative determinations of different parameters in solutions.

Indication test papers meet the requirements of a modern testing method:

- Fast: dip in and read off
- Easy-to-use: only a test stick is required for a screening test – no apparatus equipment is needed
- Long life: can be used for 2 years (average) when stored below 30°C

Indicator test sticks are packed at container.

Technical Specifications

- **Nitrate** 10-25-50-100-250-500 mg/l NO₃⁻, 0-100 mg/l Nitrite-warning indicator, 100 pcs. (Item-no.: 33011)
- **Chlorine sensitive** 0-0.5-1-2-5-10-20 mg/l Cl₂, yellow to violet, 75 pcs. (Item-no.: 30048)
- **Chlorine** 0-25-50-100-200-500 mg/l Cl₂, white to red-violet, 100 pcs. (Item-no.: 30049)
- **Ammonium** 10-25-50-100-200-400 mg/l NH₄⁺, yellow to orange, 100 pcs. (Item-no.: 30050)
- **Calcium** 10-25-50-100 mg/l Ca²⁺, yellow to red, 60 pcs. (Item-no.: 30051)
- **Carbonate hardness** 4-8-12-16-24°d, orange to green, 100 pcs. (Item-no.: 30052)
- **Chloride** 500-1000-1500-2000->3000 mg/l Cl⁻, brown to yellow, 100 pcs. (Item-no.: 30053)
- **Iron** 3-10-25-50-100-250-500 mg/l Fe²⁺, white to blue-violet, 100 pcs. (Item-no.: 30054)
- **Nitrite** 0-0.1-0.3-0.6-1-2-3 mg/l NO₂, yellow to red, 100 pcs. (Item-no.: 30056)
- **Peroxide** 1-3-10-30-100 mg/l H₂O₂, white to blue, 100 pcs. (Item-no.: 30057)
- **Total hardness** 3-4-7-14-21 °d Water hardness, green to red, 100 pcs. (Item-no.: 30059)
- **Multi-Stick** Total hardness, carbonate hardness, pH, e.g. for fishkeeping, 50 pcs. (Item-no.: 30060)

Further tests on request.
