Pürckhauer 100

Information

The groove of the Pürckhauer 100 is end-tapered in the bottom part, thereby enabling an easier removal. Particularly suitable for medium and heavy soils. We recommend urgently using the [Simplex sledge hammer](#) and not an iron hammer!

Technical Specifications

Technical data:

- Total length: 1175 mm
- Graduation: every 100 mm
- Sampling depth: 1000 mm *Outer-Ø top 28 mm
- Outer-Ø bottom 25 mm
- Inner-Ø 18 mm
- Weight: 3.8 kg
- Hammering head Ø 34 mm
- Material: stainless steel, specially tempered
- With rubber shell, sharpened for easy removal of soil sample

Item-No.: 42090
